

Power in a quiet, lightweight design

The GD 1000 series represents the ideal choice for commercial cleaning tasks. The best choice for daily cleaning of carpets and hard floors in hotels, restaurants, offices, recreational facilities and building lobbies. A very low noise level allows daytime cleaning. Apart from its powerful motor, quietness, extremely high filtration level, light weight and manoeuvrability, handy features (such as easy-carry handle) and the unique parking solution make this an unbeatable choice.

There are four models in the range, from the economical all-purpose GD 1005 to the powerful high, specification HDS 1005 fitted with HEPA for hygienic areas, such as hospitals.

**Nilfisk
Advance**

setting standards

A lot of thought has been put into the GD 1000 series; designing an ergonomic carrying handle and light weight of just 6 kg.

- Powerful 1200 W motor (dual speed in GDS 1010 and HDS 1010)
- Very quiet: 52 dB(A) (BS 5415 standard)
- Wide working radius - 15 m cable
- User friendly
- Easy to operate
- Electro-nozzle, optional for extra deep cleaning (HDS 1005)
- Wide range of accessories

Quietly efficient

The handy parking solution allows vertical storage of tube and hose
